## Booking onto FEAST activities using HolidayActivities

You will then be asked for your 16-digit voucher number, which will have been provided to you by email or text from HolidayActivities (or, in some limited circumstances, another way by your school or North Yorkshire Together etc.)

**If you follow the link in the email or text you received for this holiday period's voucher, you will not need to manually input your voucher number.**

### Description

The Sporting Influence Foundation CIC's fundamental vision is to improve sports participation rates of children and young people in and around the Harrogate area who have experienced challenging circumstances. Our mission is to ensure that children and young people have the best opportunity to access all the peripheral benefits that physical education and sport have to offer, whether that be physical, social, emotional or environmental.

The aim of the Active Easter project is to increase participation rates in sport of children and young people aged 9-13 who are living in challenging circumstances. The SI Foundation takes responsibility to make positive steps forward in supporting young people through working on their social skills, to:

- build their confidence
- increase their determination
- improve their communication skills
- develop their teamwork
- display kindness

The Active Easter project will take place during the Easter school holidays and looks to identify children and young people who have experienced challenging circumstances and provide them with a full day of sporting activities alongside nutritional support and guidance regarding healthy eating and diets.

The active Easter holiday camp project provides a variety of inclusive sports activities which focus on building social skills rather than competition. The camp helps to build support strategies/communication with parents through the use of an 'all about me' which helps parents and camp identify where children may have a need and ways to support this; additionally, there will be an Inclusion Leader/safeguarding officer on site each day.

The day is set up like a school day to promote consistency between school and camp, moreover, students have choice with the activities that they do that day. We believe that it is important to provide safe ways for children and young people with additional needs to be calm and relaxed, chill out time will be made available at times through the day for children to relax and socialise in a safe and fun environment.

## Active Future Easter Hunter Event

**Event organiser:** Active Future East Leeds & Wakefield CIC

**Suitable for ages:** 11 – 16 years

**SEND specialist:** No

**SEND inclusive:** Yes

**Dates:** 9<sup>th</sup> April

**Times:** 4.00pm – 8.00pm

**Venue:** Brayton Community Centre

**Venue address:** Foxhill Lane, Selby YO8 9TP

### Description

Our provision will look to target children between the ages of 11 and 16 and inviting them to take part in our Hunter event. This event is based on the TV show Hunted and is essentially a large game of hide and seek.

Participants are given an allocated amount of time to go and hide and must try and evade capture from the hunters. During this time participants must also attempt to complete a series of tasks to gain extra points for their team. If they manage to evade capture they have to attempt to make it to the extraction point to win the game!

Children who attend will also take part in a hands-on and relaxed nutritional workshop. Our plan is to set up a "cooking station" where participants can create their own meals. We aim to hire or invest in pizza ovens and grills, giving young people the opportunity to prepare their own dishes.

While cooking, staff will engage them in discussions about the importance of healthy eating, offering tips on how to recreate their favourite "junk food" in a healthier way. Participants will have the chance to make pizzas, burgers, paninis, and more, while learning about alternative ingredients they can use at home.

This approach will not only help them develop valuable nutritional knowledge but also equip them with practical cooking skills that can positively impact their diet at home. We believe this informal, interactive setting will resonate well with the group and make learning about nutrition enjoyable.

We also see this as a valuable opportunity to collaborate with local emergency services, such as the police, fire brigade, and army. These interactions could provide insight into potential career paths and allow us to discuss important topics like knife crime with the young people.

Our aim is to create a safe, supportive space where young people can relax, have fun, and enjoy activities with their friends, fostering a sense of community while encouraging them to be themselves.

## Description

We are back... Simply put; we -create a base camp in the woodland where children are free to play out in the fresh air.

The difference for most children is that at Forest School they decide what they want to do, not adults ... there is no pressure only choices. Opportunities include; den building, rope swings, hammocks, creative activities, and games, it is the opportunity to meet new friends.

Experienced staff are on hand to support children get the most out of what they are interested in. Adult focused activities include: fire lighting, cooking on the fire and using traditional tools to make something from wood.

Children always get to take home what they have made.

Children experience the feeling of success and achievement, this builds confidence and self esteem. All the things you want for your child.

A hot meal will be provided, snacks and a drink. Children will need to wear suitable outdoor clothes. It might be wet so a warm waterproof out layer is essential. It will be cold so layers are essential, old jogging bottoms, or leggings x 2, a long sleeved top x 2 and x an old thick jumper or fleece will be great, wellingtons or walking boots, 2 x thick socks, gloves, and hat, we are outside whatever the weather. Please pack your children a spare change of clothes and socks in a bag just in case they are cold or they get wet, you never know when you are going to find a puddle or two and its is important to keep them warm and dry!

We look forward to welcoming your child or children.
